

Rudná u Prahy

COMPLETED 2013

DB SCHENKER headquarter ČR **D5**

In 2013, we completed the new headquarters of logistics provider DB Schenker for the Czech Republic in Rudná near Prague, close to the D5 highway. It is a logistics terminal and office building that offers more than 5,000 square meters of modern office space on three floors. The ergonomics and primary facilities of the building are complemented by a company restaurant, bicycle shed and more than 160 parking spots.
